PROFESSIONAL SUMMARY

Full Stack Developer with 4+ years of professional experience building, maintaining, and enhancing web applications and enterprise software. Experienced in C#, ASP.NET MVC, ASP.NET Core, SQL Server, React, TypeScript, and Salesforce development with Apex, Aura, and Lightning Web Components (LWC). Skilled in developing applications from scratch, integrating REST APIs, troubleshooting production issues, optimizing database stored procedures, and delivering maintainable software solutions.

PROFESSIONAL EXPERIENCE

Initium Software
Full Stack Developer | March 2024 – November 2026

- Developed and maintained enterprise applications using C#, ASP.NET MVC, ASP.NET Core, and SQL Server.
- Developed, maintained, and supported Salesforce applications using Apex, Aura Components, and Lightning Web Components (LWC).
- Implemented custom Salesforce components and functionality for managed packages.
- Worked on Batch Apex, transaction processing, and backend business logic.
- Managed Salesforce metadata and security configurations, including permission sets and field-level security (FLS), across environments.
- Troubleshoot application issues, resolved defects affecting system updates, and performed unit and integration testing.
- Worked on database stored procedure optimization to improve application data operations.

Business Solutions
Frontend Developer | March 2022 – January 2024

- Developed and maintained websites and web applications using Angular, Vue.js, WordPress, and PHP.
- Built internal administration and sales applications with React and TypeScript, contributing from initial development through production deployment.
- Developed reusable React components, used hooks, and integrated REST APIs.
- Collaborated with team members and worked independently to implement features, maintain applications, and resolve technical issues.

TECHNICAL SKILLS

Backend	C#, .NET, ASP.NET MVC, ASP.NET Core
Salesforce	Apex, Aura Components, Lightning Web Components (LWC), SOQL, Metadata API
Frontend	JavaScript, TypeScript, React, Angular, Vue.js, HTML5, CSS3
Databases	SQL Server, MongoDB, SQL, stored procedures
APIs & Testing	REST APIs, unit testing, integration testing
Tools & Practices	Git, version control, pull requests, code reviews, issue tracking

EDUCATION

Universidad de Costa Rica (UCR)
Bachelor's Degree in Multimedia Computing and Technology
March 2018 – December 2022

LANGUAGES

Spanish: Native
English: Conversational
